Experience

Mr. Miller is a principal of Suburban Consulting Engineers, Inc. He has diversified experience in the field of Civil Engineering and Planning since 1970. He is primarily involved in municipal engineering, water and sanitary sewers design, land planning and development. Mr. Miller has appeared before numerous boards in New Jersey as an expert witness, offering testimony on land development projects.

Mr. Miller is experienced in preparation of contract documents for municipal projects that include waterlines, sanitary sewers, pump stations, dams, roadway reconstruction, recreation facilities, and storm sewers. He is also experienced in contract administration and inspection of capital improvement projects. Currently Mr. Miller is Municipal Engineer for the Township of Green and the Town of Boonton.

As Vice President-Chief Engineer with G.H.A. Lock Joint Inc., a manufacturer of prestressed and reinforced concrete pipe, Mr. Miller acquired extensive experience in water and sewer system design and construction. Currently Mr. Miller is active as an expert in this field providing various consulting services.
